Bachelor of Arts in Economics and Statistics Expected December 2027
Relevant coursework: Econometrics, Probability, Data Structures

EXPERIENCE
Harbourline Pension Partners | Product Analyst Intern May 2026 - Present
Vancouver, BC
- Coordinated with compliance, operations and portfolio stakeholders to scope an internal reporting tool
- Built a Python and SQL pipeline that reduced manual reconciliation time from 6 hours to 40 minutes each week
- Presented findings to a 12-person steering group and wrote the rollout documentation

Lumen Collective | Co-founder, Go-to-Market Lead Sep 2025 - Present
- Ran cold email outreach to 200 investment managers and booked 31 discovery calls
- Managed a team of 3 students building workflow automation prototypes for clients
- Led the launch of a client onboarding checklist that cut setup from two weeks to four days

Pacific Ridge Credit Union | Member Services Representative Jun 2024 - Aug 2025
- Supported 40 customers a day with account requests and resolved escalations
- Trained 4 new staff on the teller system

PROJECTS
Transit Delay Dashboard | Python, Tableau
- Analyzed 2 million bus arrival records and built a dashboard of delay patterns by route
- Ran a regression to estimate the effect of weather on delays

Campus Marketplace
- Built a full-stack marketplace app with Next.js and PostgreSQL used by 300 students

SKILLS
Languages: Python, SQL, R, JavaScript
Tools: Excel, Tableau, Figma, Git, Notion
